TRAINING COURSES

Specialised Hands-On Picote Training

Porvoo is where it all started for Picote!

In addition to a state-of-the-art training center, Picote campus includes several facilities for production, product testing and shipping, a corporate office and Picote's CIPP contracting services. Here you train and work with a group of experts with an extensive trenchless experience.

Visit the Picote showroom and learn all about our tools, machines and solutions, as well as the newest innovations, Picote has to offer.

One Day Courses

Build your own training experience from the list of one day courses. Course content can be tailored to requirements. **Daily fee 845€, up to 4 people (125€/person for additional people).** Prices include refreshments and lunch.

Cleaning & Descaling

Overview of Picote Millers, equipment setup & maintenance, cleaning and descaling tooling with an emphasis on proper operating techniques and choosing the right tools.
